TECHNICAL COMMUNICATION

Introduction

Let's start

Sonia Khubchandani (Assistant Professor, English & Humanities) , JECRC, JAIPUR

Introduction

JECRC
JAIPUR

Technical Communication is a process of communication that help users to accomplish a defined goal or task . The main purpose is to give a specific information related to some particular task. Technical communication can be either **written** or **verbal communication** that can help users to communicate on their specialized topics to accomplish a defined goal or task. It is helpful to assist users who need specific information on completing tasks, using products, operating equipment, and so on.

Technical communication and General communication

Is there any difference ?

Sonia Khubchandani (Assistant Professor, English & Humanities), JECRC, JAIPUR

What's the difference between technical communication and General Communication

JECRC

Technical Communication

1. It has fixed technical message .
- 2 . It is always formal.
- 3 It has a set pattern.
- 4 it can be verbal or non verbal .
- 5 The audience are fixed.
- 6 It involves reports ,graphs and pie charts and proper data.

What's the difference between technical communication and General Communication

JECRC

General communication

1. Contains a informal message.
2. Informal style and approach.
3. No fixed pattern of communication .
4. It is non verbal .
- 5 . Audience are varied .
- 6 it has no fixed technical term(vocabulary).

Characteristics of Technical communication.

- It addresses specific audience or particular group.
- It showcases the organisation aims and objectives.
- It is produced collaboratively
- It is represented in form of words and images.
- It is also a replica of culture of a particular organisation .

Things to be kept in mind

- The thing we should always have in mind is the **Audience**
- Technical communication usually takes place among professionals in their field and they discuss on some on some specific project on some guidelines , The technical document should be such Firstly in which the reader should **get the organized information** that can lead to quick understanding along with decision making . Secondly It should be fruitful in inviting other ventures.

Note

- How familiar are readers with the terms used by the writer .
- In what best way the terms used can be explained?

Technical document

Let's talk about types....

Sonia Khubchandani (Assistant Professor, English & Humanities) , JECRC, JAIPUR
